

Sophie Martinez

BIO:

I grew up in Minnesota and moved to Los Angeles years ago. I have worked with children of all different ages in many different capacities. I've been a camp counselor, a private tutor, an after-school care manager, an on-site nanny, and have established positive relationships with children in all these capacities. Since 2007, I've worked at the Star School as a kindergarten teacher. Over the years, I've recognized the importance of being a positive role model in a child's life and have endeavored to shape the lives of children positively and meaningfully for as long as I can.
